AHCA500S,L,XL,SL	50	30,50,75,100,150,200

※Core drill made of heavy-duty high speed steel , suitable for steel , cast iron , non-ferrous and light metals .

※CNC machinery with CBN wheel , support perfect stable start , more accurate , every tooth cuts , precise center pilot fitting and right , uniform angle of teeth and flutes.

Every piece from us are after a wonderful , stable heat treatment , which bring longer working life and less fragile
Other shanks avialbe on request like universal , Nitto , Fein
